| # | Reference | Query / Question | Responses / Clarifications / Confirmation / Addendum |
|---|-----------|--|---|
| 1 | | <p>Please confirm if that the budget has to include all the measurements control and equipment deployment for the locations and technologies proposed? Or if there is a separate budget for the equipment and deployment? We are skeptical that we would be able to cover the proposed sites and technologies under the current budget hence we are seeking confirmation to decide whether to bid or not to bid.</p> | <p>Measurements control and equipment deployment are included in the scope of service. The budget is a preliminary indicative budget. Note that this is the EOI stage and financial proposals are not required at this stage.</p> |
