Male', Republic of Maldives

SUPPLY AND DELIVERY OF COMPOSTING EQUIPMENT TO 15 ISLANDS OF ZONE 1 ISLANDS

Project Name: Regional Waste Management Project for Zone 1

Funded by

The Government of the Republic of Maldives

JANUARY 2017

Issued By:

Tender Evaluation Section
Ministry of Finance and Treasury

SUPPLY AND DELIVERY OF COMPOSTING EQUIPMENT TO 15 ISLANDS OF ZONE 1 ISLANDS

1. INTRODUCTION

Ministry of Environment and Energy (MEE) on behalf of the Government of Maldives is seeking the assistance of a qualified and competent company/firm for the Supply and Delivery of Composting Equipment to 15 islands of Zone 1 islands. List of the islands the equipment to be supplied are as follows;

1. Ha. Ihavandhoo
2. Ha. Hoarafushi
3. Ha. Kela
4. Ha. Baarah
5. Ha. Filladhoo
6. Ha. Utheemu
7. Ha. Thuraakunu
8. Ha. Vashafaru
9. H.Dh Hanimaadhoo
10. H.Dh Nellaidhoo
11. H.Dh Nolvivaranfaru
12. H.Dh Navaidhoo
13. Sh.Narudhoo
14. Sh. Foakaidhoo
15. Sh. Funadhoo

2. BACKGROUND

The Republic of Maldives is a small island nation located in the Indian Ocean, southwest of Sri Lanka. It consists of some 26 geographical atolls, divided into 20 atolls for administrative purposes. Of the total 1192 islands, only 33 have an area greater than one square kilometer (km²). The total land area is less than 235 km². The population of Maldives is 350,759¹ and is highly concentrated on a few islands. The atolls are ringed by coral reefs that are the seventh largest in the world and among the richest in terms of marine diversity and aesthetic appeal.

An estimated 322,400 tons of solid waste was generated in the country in the year 2013. Current arrangements for solid waste management on inhabited islands are inadequate. Mostly, waste is dumped onto the island foreshore and burned at low combustion temperatures. In addition, approximately 510 tons per year of medical waste are estimated to be produced in the Maldives, whilst uncontrolled disposal of solid wastes threatens the coastal, marine and coral reef ecosystems. The inadequate management of waste thus not only presents a significant environmental challenge, but also results in a blemish on the pristine marine environment expected by tourists. Furthermore, the lack of an integrated and holistic waste management system also hinders the successful realization of government laws and regulations towards waste management.

Regional Waste Management Project for Zone 1

In this regard, solid waste is the most visible environmental threat to the tourism industry. In a recent survey, solid waste was identified as the most important environmental issue by 24% percent of respondents. The management of solid waste is especially challenging in the Maldives, even more so than other small island states. With a population spread across numerous islands, there is little scope for harnessing economies of scale. Thus, the costs of service delivery are high. With restricted land endowments, the space available for waste disposal is limited, calling for the waste stream to be minimized through such means as recycling and composting. The country's fragile marine ecosystem requires that special attention be given to the choice of technology and system design to mitigate adverse impacts, particularly those that could damage the Maldives' primary asset: its relatively unspoiled marine environment. This combination of risks and challenges are unique to the Maldives and demands specifically tailored solutions to develop a sustainable solid waste management system with stringent criteria applied for site selection, engineering, technology choice and management.

3. GOALS AND OBJECTIVES

This project seeks to improve and develop a socially and environmentally sustainable system of solid waste management in the Upper North Region, which reduces the associated environmental and public health risks.

The project is aligned with the National Solid Waste Management Policy to extend services to all inhabited islands, support regional development and encourage private sector participation in waste management service delivery. This project contributes towards maintaining a high level of environmental integrity and sound environmental management in the islands. By improving the manner in which inhabited islands manage their wastes, the project would also support sustainable tourism development objectives.

4. DELIVERABLES

To be delivered to Ha. Ihavandhoo

3.1	Type of Equipment	Quantity of Equipment Required
1	Chainsaw	1
2	Wheelbarrow	4
3	Heavy Duty Gumboots	5
4	Heavy Duty Hand Safety Gloves	5
5	Long Handled Flathead Steel Rake	3
6	Long Handled Cultivator	3
7	Garden Hoe	3
8	19" Round Point Shovel	3
9	48" Square Point Shovel	3
10	19" D-Handle Square Point Shovel	2
11	20L Bucket	3
12	40L Bucket	2
13	Polypropylene Surgical Mask Box (50pcs)	5
14	Weighing Bench Scale	1
15	Wheelie Bins in Blue Color (120L)	10
16	Wheelie Bins in Green Color (120L)	10
17	Wheelie Bins in Blue Color (240L)	6
18	Wheelie Bins in Green Color (240L)	6
19	Wheelie Bins in Blue Color (660L)	4
20	Wheelie Bins in Green Color (660L)	4

To be delivered to Ha. Hoarafushi

3.2	Type of Equipment	Quantity of Equipment Required
1	Chainsaw	1
2	Wheelbarrow	4
3	Heavy Duty Gumboots	5
4	Heavy Duty Hand Safety Gloves	5
5	Long Handled Flathead Steel Rake	3
6	Long Handled Cultivator	3
7	Garden Hoe	3
8	19" Round Point Shovel	3
9	48" Square Point Shovel	3
10	19" D-Handle Square Point Shovel	2
11	20L Bucket	3
12	40L Bucket	2
13	Polypropylene Surgical Mask Box (50pcs)	5
14	Weighing Bench Scale	1

EQUIPMENT SPECIFICATION

1. Chainsaw
2. Wheelbarrow
3. Heavy Duty Gumboots
4. Heavy Duty Hand Safety Gloves
5. Long Handled Flathead Steel Rake
6. Long Handled Cultivator
7. Garden Hoe
8. 19" Round Point Shovel
9. 48" Square Point Shovel
10. 19" D-Handle Square Point Shovel
11. 20L Bucket
12. 40L Bucket
13. Polypropylene Surgical Mask Box (50pcs)
14. Weighing Bench Scale
15. Wheelie Bins

Regional Waste Management Project for Zone 1

*All equipment provided must be brand new items.

* The supplied equipment must carry out full capacity test run with the presence of a personal from Island council.

1	Chainsaw	
1.1	Cylinder displacement	3.9 cu. in. / 64 cc
1.2	2011 EPA Compliant	YES
1.3	Power	4.7 hp / 3.5 kW
1.4	Max RPM	13,500
1.5	Fuel tank volume	25.4 fl. oz.
1.6	Oil tank volume	14 oz.
1.7	Weight (powerhead only)	13.9 lbs.
1.8	Chain Pitch	3/8", .050 (72VX)
1.9	Recommended Bar lengths	16" – 28"
1.10	Operating Manual	Operating manual for safe operations of the machine under normal operations. The operations manual must include trouble shooting and remedy guide table
1.11	Maintenance Manual	Maintenance manual covering routine service requirements for machine and motor, and service overhaul of machine. The maintenance manual must include a labelled wiring and component diagram
1.12	Language of Documents	All literature in the English language
1.13	Warranty	Each unit supplied to carry a statement of warranty. Minimum One year warranty on motor and mechanical parts.
	*Similar to that of MAKITA or BOSCH	

2	Wheelbarrow	
2.1	Bin Material	Moulded HDPE
2.2	Capacity	6 cubic feet
2.3	Tires	Flat-Free Pneumatic Tires
2.4	Wheel Size	16inch
2.5	Wheel Material	Rubber
2.6	Warranty	Each unit supplied to carry a statement of warranty. Minimum One year warranty
3	Heavy Duty Gumboots	
3.1	Size	
3.2	Height	12"
3.3	Color	Black

3.4	Material	Certified Polyvinyl Chloride (PVC) or Rubber materials
3.5	Resistance	Alkali and acid resistant
3.6	Soles	Anti-Skid PVC Soles
4	Heavy Duty Hand Safety Gloves	
4.1	Material	Rubber or Latex
4.2	Length	18" (elbow length)
4.3	Thickness	0.040'
4.4	Size	
4.5	Color	Black
4.6	Resistance	Chemical Resistant
5	Long Handled Flathead Steel Rake	
5.1	Handle Length	54 inches
5.2	Tine Length	3.5 inches
5.3	Number of Tines	18
5.4	Handle Material	Steel
6	Long Handled Cultivator	
6.1	Handle Length	54 inches
6.2	Tine Length	3.75 inches
6.3	Number of Tines	6
6.4	Handle Material	Steel
7	Garden Hoe	
7.1	Length	57 inches
7.2	Handle Material	Steel
8	19" Round Point Shovel	
8.1	Blade Length	11 inches
8.2	Handle Length	19 inches
8.3	Blade Material	Steel
8.4	Handle Material	Steel
9	48" Square Point Shovel	
9.1	Blade Length	11 inches
9.2	Handle Length	48 inches
9.3	Blade Material	Steel
9.4	Handle Material	Steel
10	19" D-Handle Square Point Shovel	
10.1	Blade Length	11 inches
10.2	Handle Length	19 inches
10.3	Blade Material	Steel
10.4	Handle Material	Steel
11	20L Bucket	
	High quality HDPE molded 20L green color bucket with steel handle	

12	40L Bucket	
	High quality HDPE molded 40L green color bucket with steel handle	
13	Polypropylene Surgical Mask Box (50pcs)	
13.1	Material	Polypropylene
13.2	Type	Tie on or elastic ear loops

14	Weighing Bench Scale	
14.1	Type	Bench Scale or Table Top Scale
14.2	Design	Portable
14.3	Capacity (kg)	50 to 75
14.4	Usage	Office
14.5	Accuracy	10gm
14.6	Functions	Auto Calibration and Auto Off Function
14.7	Display	Large Bright LED Display
14.8	Warranty	Each unit supplied to carry a statement of warranty. Minimum One year warranty .

15. WHEELIE BINS

#	Quality, Size, Color and Parts
15.2	High quality HDPE molded of 120L bin in green color complete with wheels, lids and fixtures and fittings;
15.3	High quality HDPE molded of 240L bin in green color complete with wheels, lids and fixtures and fittings;
15.4	High quality HDPE molded of 660L commercial bin in green color complete with wheels, lids and fixtures and fittings;
Details of Logo	
15.5	For the 240 L & 120L bins the following “Saafu Raajje” logo must be printed in white and black color on the front side as shown below. The logo must be 9” square and centered so that the top edge is 5” from the top of the body of the bin
15.6	For the 660L bin the following “Saafu Raajje” logo must be printed in white and black color as shown below. The logo must be 12” square and centered in the middle of the front side

Regional Waste Management Project for Zone 1

IMPORTANT NOTE: If a range is given for the requirement, any value proposed equal to the limits of the range or within that range for any feature will be acceptable

Proposal must include;

- ✓ Operations manual in English of the equipment mentioned in the ToR
- ✓ Technical Specification of the **each** equipment shall be clearly mentioned
- ✓ Manufacturer certificates or warrants of the equipment to be supplied
- ✓ Documents on supplier's financial performance
- ✓ Work plan detailing the schedule of the project to be carried out by the supplier
- ✓ Employment structure (or) a chart to carry out the task of this project detailing how the project be carried out at stages
- ✓ warranty certificates of the equipment as specified in the specification

Other terms & requirements;

- Delivery site: A location identified by Secretarial of Island Council
- Installation: Supplier must install the equipment and perform full capacity test run after the installation.
- Supplier shall bear all cost associated in the supply and delivery of the equipment to the final destination as required by the ministry
- Spare part for the supplied equipment shall readily be available in the Republic of the Maldives
- The Goods supplied under this Contract shall conform to the technical specifications and standards mentioned in the ToR
- The Supplier warrants that all the Goods are new, unused, and of the most recent or current models, free from defects and that they incorporate all recent improvements in design and materials

Regional Waste Management Project for Zone 1

- The warranty shall remain valid for the period given in the proposal, after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated
- Service: after sales service for free of charge during the warranty period.
- 5% retention of the total contract value will be held for 3 months to measure the quality of the products delivered
- Advance payment: Not applicable
- The Bidder shall bear all costs associated with the preparation and submission of its Bid, and the client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the Bidding process.
- If the Supplier fails to deliver any or all of the Goods by the Date(s) specified above, client may without prejudice to all its other remedies, deduct from the payments due to the Supplier, as liquidated damages, a sum equivalent to the 0.75 % per each day, of the delivered price of the delayed Goods
- Upon the Supplier's fulfillment of all the obligations stipulated in the ToR and making a request for payment to the client in writing, accompanied by invoices describing, as appropriate, the Goods delivered payments shall be made by the client after being verified through written letter from each Secretariat of Island Council which equipment is subjected to be delivered.

Assistance from the Ministry to the Supplier

- ✓ Custom duty will be exempted
